

DESCRIPTION

HTS ESX-LE provides a dependable method of terminating the ends of self-regulating cables. These robust End Seal Components are made from a high-performance material which resists impact.

The pipe stanchion sits above the pipe allowing for 4 Inches of installation.

SPECIFICATIONS

Ordering Part Numbers	ESX-LE
Heating Cable Types	LXR, MXR, HXR
Ingress Protection	NEMA 4X (IP65) (IP66)
Minimum Install Temperature	-40°F (-40°C)
Max. Exp. (Pipe) Temperature	-150°F (65°C)
Lens Color	Green
Power Consumption	.6 Watts
Material	PPS
Electronics	8 LED Lamps in Series
Dimension	3.5" x 8.2" (90mm x 210mm)
